WWW.HWFASTENERS.COM (NEW SITE)

The end of the year is nigh. It has been a tough year for all companies in Ireland.

We will endeavor to keep our focus on quality supply to all customers, and hope that the industry will pick up in the coming months

It is with deep regret we must say that Vincent has moved to a new job this month. We wish him all the best in his new position and hope to see him over the next few months. He had been a valuable asset to HW Fasteners Ltd and gave loyal service over the last 5 years.

In the meanwhile we respectfully ask customers to be patient while we recruit and train a new representative. Me or Garvan will try to contact regular customers to try to ensure continuity of supply. Please note we are only a phone call away.

We are currently recruiting for a Technical Sales Rep for the Wexford/ Waterford area. The criteria we are looking for is someone who has a few years sales experience or has previously worked in a hardware / retail environment. I would like to thank all those who have applied and appreciate the time taken to send CV's. We are currently short listing potential people and hope to nominate a new representative over the next two weeks. Thank You.

We have received notification of a 5% increase on all TRUFIX products from the 1st November. Likewise we must follow suit and increase TRUFIX woodscrews and Masonry Nails by the same rate. Again these are unavoidable price increases which have been passed onto us and we unfortunately are unable to absorb these new rates and hence must pass them on.

Please be patient. We have been let down by a number of suppliers over the past few months on products. We are trying our best to rectify this situation.
