Other General News :

Due to increases from suppliers for Stainless steel, in the past few months (upto 30% on various products) we regret that we now have to follow suit and increase all stainless steel prices by 15 per cent from 1st October 2006

Urgent Attention of Accounts Dept

Please note accounts which go over the 30 day trading terms will be put on stop from the 10th of the due month. We regret we have to be very strict on this matter as we also have enormous pressure from our suppliers.

The onus is on the customer to ensure their account is up to date.

While we appreciate those that pay on time, there are some who don't.

Credit Accounts are reviewed annually with attention paid to adherence of trading terms.

Can't Make It ????? ☹☹☹☹☹

Why miss out on these special offers. Guarantee your special prices now by fax or e-mail. Order today or any day up to the trade show dates.
