New Product Launch

We are just launched a new brand of TRUFIX WOODSCREWS. The brand TRUFIX as you know is the first choice for builders for Masonry and Washered Nails for over 25 years. It is because of this that we are proud to be associated with another quality product to add to our current range. The statistics show that over 1 billion, Trufix products have been manufactured and supplied to date. Trufix Lock Drive Woodscrews are suitable for hard wood, soft wood, MDF, and chipboard materials. Independent tests have proven a higher pull out with less torque required than SPAX and the good news is they are also cheaper than SPAX. A patented Lock Drive Head and bit ensures maximum holding between the screw and the bit and a further unique design to the head will allow a square or pozi bit to be used. The woodscrews come in strong boxes of 200 plus a lock drive bit in each box.

Contact Vincent Garvan or Walter for rates/ samples/ demo and supplies.

Paslude Rate Sheet On Repairs

Basic Service Cost € 75.00
Parts added are plus VAT @13.5%

HW Fasteners Ltd., will deduct a rebate of €10.00, on the final invoice.

We have been notified by a number of suppliers of an impending price increase of up to 20 % on Stainless Steel items. We regret this increase but it is beyond our control and will have to follow suit to keep our rates in line with world markets.

Copies of new rates on demand, by post or email, (excel format).

Or download a copy from our website – List Prices only - ask rep for your discount rate.

Please note – We will open at 9.30am on the first Wednesday of every month to facilitate staff training.

We apologise for any inconvenience caused....

MarkVI-JSP Helmets-Are flying out the door !!!
WHY ?

Oh !!!! and available in different colours.

SAFETY NEWS

Safety Wear & Accessories from H. W. Fasteners Ltd - Autumn Collection Now In Stock!!

In the last few years we have noticed a buying frenzy in September and October. This puts suppliers under pressure and most companies quote in weeks for replenishment of stock. Which in turn puts the end user at a disadvantage because in times of shortage prices tend to increase.

Enquire about your orders for safety wear and accessories from HW Fasteners Ltd., **NOW !!!!**

We provide a well stocked and professional service to all services in the construction trade.
